Nonfiction thriller *The Cover-up General*

Indiscreet spies, a malicious general and innocent civilians: *The Cover-up General* reads like an exciting spy novel. But it also serves as factual testimony how a Dutch cover-up operation entirely spun out of control. At stake: photos depicting Srebrenica war crimes. Notably, the book was banned, but this was revoked on appeal. All new developments are set out in this 2024 English-language edition.

'Why such complex cover-up operations?'
AL JAZEERA

★★★★★ / 'The secret services torn apart'
HEBBAN REVIEWS

'Meticulously written and well documented'
JAN PRONK, former Minister

'The accuracy of the book is not in doubt'
